

Directors and Officers (D&O) insurance is a critical risk mitigation tool for protecting directors and officers, ensuring organisational stability, and attracting accomplished leaders to companies.

In a world of increasing regulatory and shareholder scrutiny, directors and officers (D&Os) are required to navigate a complex landscape of legal duties and obligations. Despite meticulous planning and extensive industry experience, directors or officers regularly encounter allegations of negligence or breaches of director's duties imposed by the Corporations Act 2001 (Cth). Directors and officers can be exposed to litigation or investigation from various parties, including the company itself, shareholders, regulators (such as ASIC and APRA), employees, creditors, competitors, or other directors.

Our bespoke D&O insurance policy is an essential shield protecting company leaders against spurious claims and in moments of crisis.

It provides critical support when directors and officers face potential liabilities, including:

- ▶ **Personal Liability Protection** coverage for personal liability arising from their actions or decisions.
- ▶ **Financial Risk Mitigation** from as fines, penalties, legal costs or interest.
- ▶ **Attract and retain directors and officers** providing peace of mind for company leaders against the threat of litigation or regulatory investigation.
